

# PARTICIPATE IN THE BUILDING OF PEACE IN SAINTE MERE EGLISE

The "Peace barn" will provide an environment to develop the reconciliation and education of Peace. Its objective will be to welcome every individual interested in building Peace.

It will be offering facilities for meetings, exchanges, conferences, expositions, training and a space for meditation .

The project, initiated by the Catholic Church, is supported by an international religious community as well as a secular team wishing to promote Peace.

Whatever the amount, your donation is important to the realization of this project.
